

## DUKE OF ATHOLL

In all the vast empire ruled over by King George V., there is only one private individual privileged to maintain an army of his own. That individual is the duke of Atholl, the Scottish chieftain who is head of the great Murray clan, master of the historic Blair castle, and, incidentally, possessor of a greater number of titles than any other member of the peerage. The duke of Atholl's private army comprises only about 250 men, who are known as the Atholl Highlanders.

## STEAMER KLAMATH WRECKED ON ROCKS

### Crew and Passengers Reach Shore in Safety

San Francisco—During a howling 85-mile an hour gale that raged off the coast last Saturday night, the 1148-ton steamer Klamath of the McCormick Steamship Company, with twenty-six passengers and nineteen members of the crew, went ashore at Fish Rock, near Point Arena, Mendocino county.

The Klamath went ashore at near midnight and the first call for help sent out by wireless was picked up by the Admiralty line steamer Curacao at 2:15 in the morning.

The Klamath, in command of Captain Thomas Jamieson, had left San Francisco Saturday for northern ports. According to Lundin, the Klamath struck a rock early Saturday morning one mile south of Delmar, on the Mendocino coast, and in attempting to back away collided with another.

Either the tail shaft or the propeller of the vessel was broken by the impact and the ship drifted, helpless, toward the beach. Half an hour later the steamer grounded on the beach fifty feet from shore. Charles Svenson, a seaman, swam ashore through the darkness with a line hitched to his waist and a cable following. The cable was made fast to a rock, and the passengers, women and children first, were sent ashore in a breeches buoy.

The passengers were taken in care of the steward to Point Arena, and at last reports had arrived safely in San Francisco.

With the exception of minor injuries and the effects of exposure none of the passengers or the members of the crew suffered from the mishap.

## ROCKWELL FIELD EXPLOSION

One Victim of Accident Is Probably Blinded.

San Diego—Three men employed at the aeronautical repair and supply depot at Rockwell Field, army flying headquarters here, were seriously burned and one probably permanently blinded when a twenty-gallon carboy of sulphuric acid exploded.

The injured are: Joseph Pease, burned severely on face and head; probably blinded.

T. F. McGrath, burns on hands and body.

J. C. Smith, face, neck and shoulders burned.

The men were carrying the carboy of acid from a warehouse to a railroad car when it exploded. The acid burned nearly all the clothes from the men.

The Northern California National Bank of Redding has opened its new \$80,000 bank building.

An automatic flagman has been ordered by the State Railroad Commission to be placed by the Southern Pacific on dangerous crossings at Lind-say.

The body of Adolph Lombardi, 22 years old, who disappeared from his home in San Francisco on January 13, was found yesterday floating in the bay off Fort Scott.

## WOMAN VICTIM OF HEINOUS CRIME

### Charred Body Found In Ruins of Burned Home

Sonora (Tuolumne County)—Elmer James Billeit, held here on a charge of murder in connection with the tragedy that cost the life of Mrs. Annie Blanche Gans, whose charred body was discovered Saturday in the burned ruins of her ranch home, four miles from Groveland, will face a jury just as soon as the machinery of the law can be put into action.

This was the statement here today of District Attorney Rowan Hardin following the report of investigators from his office into circumstances leading up to the alleged murder.

William C. Gans, shift boss for the city of San Francisco at the Big Creek shaft of the Hetch-Hetchy project and husband of the victim, is rendering every possible aid to the authorities in the effort to bring to justice his former bosom friend, accused of a heinous crime. Apparently damning circumstances have developed as a result of the inquiry instituted by the district attorney's office.

Billeit, in jail here, admits having attempted to make love to Mrs. Gans, but insists that shortly thereafter he became so drunk that he remembers nothing of how the fire started or of events leading up to it.

## MAIL THIEVES IN CUSTODY

Five Are Nabbed in Gigantic Postal Thefts.

Los Angeles—Five men, believed to be members of the biggest gang of postoffice crooks that has ever operated in this country, were rounded up this week by local postal department operatives after postoffice robberies throughout the country that have netted them many thousands of dollars.

The men are in custody in Los Angeles and Stephen H. Morse, post-office inspector in charge of the local department and this district, has received a complete report from his operatives of the arrest of Milton R. Strudie and his four accomplices.

Using a racing automobile and working with lightning speed across the continent, the five, Inspector Morse announces, have stolen more than 400 postal money order blanks which they have cashed in scores of cities for money amounting to approximately \$40,000.

## CHARGE ILLEGAL RICE SALES

Embezzlement Charge Will Be Brought By Investigators.

Sacramento—Manipulation of the 1920 rice crop of the Sacramento valley, which resulted in losses approximating \$1,500,000 and brought immense profits to the manipulators, was charged here by a special investigating committee of the Pacific Rice Growers' Association, through statements by members of the committee.

The rice millers, it was alleged, had demoralized the rice market by selling on the open market at least 100,000 sacks of rice which had been delivered to them for milling and storage, and their dealings, it was charged, had affected fully 90 per cent of the growers of the valley, most of whom are members of the growers' association.

The committee announced that upon completion of the investigation indictments will be sought against the millers on charges of embezzlement. It is alleged that the rice delivered to the mills was held in trust for the growers on short-term notes.

## MRS. PEETE FOUND GUILTY

Murder in First Degree Is the Verdict After Deliberation.

Los Angeles—Mrs. Louise L. Peete was found guilty by a jury of murder in the first degree for the slaying of Jacob Charles Denton. The jury fixed the penalty at life imprisonment.

In the trial of Mrs. Louise L. Peete for the alleged murder of Denton, which was begun here January 19, the prosecution sought to establish that Denton was last seen alive June 2 last, and announced the theory he was killed by Mrs. Peete on that date. A body found September 23 in the basement of the Denton residence was declared to have been that of the missing man.

It was shown that Mrs. Peete, was renting the house at that time, Denton retaining an apartment there. Other testimony was that after June 2 Mrs. Peete pawned a diamond ring which belonged to Denton and disposed of wearing apparel and other of his possessions, while several witnesses asserted she had made contradictory statements about his disappearance.

## ELECTRIC WORKERS' WALKOUT

San Francisco—Despite the strike inaugurated last week of 95 per cent of the 400 electrical workers employed by the Great Western Power Company throughout the northern end of the state, service is being maintained with the aid of substitutes.

## The Poor Man, God Bless Him

Man's life is full of trouble and temptation. He comes into this world without his consent and goes out of it against his will. His journey through life is rocky and beset with strange and contradictory experiences. When he is little the big girls kiss him, and when he is big the little girls kiss him. When he is a child he wants candy but can't get it, and when he is a man he can get candy but don't want it. When he is a boy he wishes he were a man, and when he is a man he wishes he were a boy again. If he raises a large family he is a chump; if he raises a check he is a thief; if he is poor he is a bad manager, and if he is rich he is dishonest. If he is in politics it is for graft, and if out of politics you can't place him and he is no good to his country. If he gives to charity it is for show, and if he does not he is a stingy cuss. If he dies young there was a great future for him and if he lives to an old age he has missed his calling. If he is active in religion he is a hypocrite, and if he takes no interest in religious matters he is a hardened sinner. If he shows affection he is a soft specimen, and if he has none he is a cold-blooded proposition. In order to be entirely healthy he must eat nothing, drink nothing, smoke nothing, and see that the air is properly sterilized before breathing.

## STEAMER KLAMATH WRECKED ON ROCKS

### Crew and Passengers Reach Shore in Safety

San Francisco—During a howling 85-mile an hour gale that raged off the coast last Saturday night, the 1148-ton steamer Klamath of the McCormick Steamship Company, with twenty-six passengers and nineteen members of the crew, went ashore at Fish Rock, near Point Arena, Mendocino county.

The Klamath went ashore at near midnight and the first call for help sent out by wireless was picked up by the Admiralty line steamer Curacao at 2:15 in the morning.

The Klamath, in command of Captain Thomas Jamieson, had left San Francisco Saturday for northern ports.

With wire communication along the coast still impaired and most of the highways impassable, little additional information of the rescue of the passengers and crew of the steam schooner Klamath reached San Francisco yesterday, but what did filter in was of a highly satisfactory nature to the owners of the vessel.

"All safe" was the word spoken over the long-distance telephone from Captain Thomas Jamieson of the Klamath to the officials of the Charles R. McCormick Steamship office here.

The nineteen passengers of the ill-fated vessel, it was learned, were transferred from the ship to the sheer cliffs of the coast by means of the breeches buoy, installed by life guards who had hastened to the spot from their station at Point Arena, a distance of twenty miles. The transfer was orderly, "women first" being the rule.

The crew of thirty-seven men, according to the reports, made their way ashore by wading, a precarious undertaking in view of the rocky coastline. In care of Steward Fred Lundin, the passengers were taken yesterday morning to the Point Arena hotel.

Passengers aboard the wrecked steamer included:

B. L. Plack, Paul Anderson, H. J. Johnson, P. Hays, L. LeFebvre, A. Melchart, Mrs. C. Buckley and child, Samuel Woodwar, Wm. Drummel, Mrs. L. Stringerland, Miss Irene McGillen, Ethel McGillen, N. Larkin, D. Culver, Dan Long, J. Shelton, F. Murphy and F. McGillen.

## BLAST KILLS SCHOOL CHILDREN

Lawrenceville (Ill.)—Seven boys, ranging in age from 5 to 12 years, and their teacher, Emmet Bunyan, were killed when an empty can which is used in transporting nitroglycerin exploded at the Cross Roads Schoolhouse, two miles west of Lawrenceville, at 12:45 Monday afternoon.

Finding the can lodged against the bank of a creek which runs through the schoolyard, they were attempting to open it when it exploded. The boys were blown from ten to twenty feet by the explosion.

Fourteen-year-old Naydine Meyers, daughter of Mr. and Mrs. John Meyers of Esparto, lost her left eye when the car in which she was rushing to a basketball game at College City hit an obstruction and turned over. Several other girls and boys were hurt in the smash.

Alfred Newsome, aged peddler, who was left an estate of nearly \$1,000,000 by a relative in Philadelphia and for whom the police have been searching, has been located in Berkeley. Newsome was recently discharged from the County Infirmary, where he had been a patient for some time.

## CAMPBELL MAKES NEW TOP RECORD

Campbell has again set an enviable mark in her history of well doing. With a quota of \$500 for the European Relief, the community has shown its greatness of heart and love of children by subscribing almost 300 per cent of the apportionment. To date the receipts show \$1437.75 to the credit of this district.

The secret of all of Campbell's fund raising campaigns is the excellent cooperation between the chairman, committees, and public. Mr. J. C. Ainsley, who has been selected chairman in practically all of the campaigns, has proved himself a most efficient organizer. He has the most hearty support of all his committeemen because of his own enthusiasm and untiring efforts. Since the days of the War Work Council his assistants have been the men and women who proved themselves such ardent co-workers in all causes for benefit and relief. On this occasion an added incentive was the \$50 plate "invisible guest" dinner at the Hotel Vendome Monday evening. Campbell and community was well represented, there being twenty-eight visible guests from here representing various clubs and business houses.

The representatives present were: Mr. and Mrs. J. C. Ainsley, J. C. Ainsley Packing Co.; Miss Emma Swope, G. S. Robson, C. W. Wolfe, Ainsley Packing Co. employees; Mrs. Louis Shelley, Mrs. F. E. Duncan, Cambrian P. T. A.; C. E. York, James Fablinger, Raymond Hulsman, Campbell High School; Rev. F. C. Farr and E. R. Kennedy, Methodist church; Harry C. Smith, Campbell Press; Mrs. Ellen R. Smith, Country Woman's Club; Mrs. R. H. Hyde, Christian Science Society; R. H. Hyde, Geo. E. Hyde & Co.; Ralston Alison, Garden City Bank, Campbell branch; L. T. Lenox, Growers National Bank; Dr. Wilson, County Hospital; Mr. and Mrs. G. L. Parso, W. R. Coupland, Hamilton district; Mrs. Clara Baldwin, Home and School Club; Mrs. E. I. Price, Johnson Avenue Improvement Club; H. E. Brandenburg, San Tomas district; Mrs. C. H. Whitman, W. C. T. U.; Mrs. Owen, Moreland Good Will Club; J. F. Duncan.

Much credit is due Mr. W. C. Bohnett, who so efficiently managed the movie benefit show that the cause netted \$55 over expenses. The Masonic benefit dance paid in \$19 to the fund.

## BERKELEY SAVANT KILLED

Berkeley—Dr. Frances M. Greene, Berkeley, professor of sociology at the University of California and one of the best known social and charity workers in the state, was fatally injured at San Francisco yesterday morning when she was struck by a U. R. R. street car. She died at the Central Emergency hospital a few hours later.

In the presence of hundreds of pedestrians, Dr. Greene was caught by the car and is said to have been carried some distance. It was necessary to call the fire department to assist in removing her from under the trucks, which had to be jacked up before she could be removed.

## Deportation of Lord Mayor Before President.

Washington—Decision as to the deportation of Lord Mayor O'Callaghan of Cork, who arrived last week as a stowaway without a passport, was referred Tuesday to President Wilson.

President Wilson's advice was sought at today's cabinet meeting. He thus was called upon to decide between the position of Acting Secretary Davis of the state department, who has insisted on exclusion of the lord mayor for attempting to enter without a passport, and that of Secretary Wilson, who has refused to acknowledge jurisdiction of the state department until the case has been presented to it.

## MERIDIAN DISTRICT SEES THE LIGHT

Campbell Consolidated Grammar School District continues to grow. Monday, without any opposition, the supervisors granted the petition of the Meridian district to become a part of this consolidated district. Santa Clara would have been very glad to have annexed this district, but the majority of the parents preferred to become a part of a consolidated rural school, where the gain from union would be the same but at the same time keeping their children in a school where rural life and pupils from rural homes predominate.

Our growth in number of teachers and assessed valuation is greatly in advance of the gain in number of pupils, while these districts will gain in all other lines which a larger school make possible.

The success of the consolidation campaign is due to the unflagging energy and activity of Principal R. J. Rodriguez, who began very soon after his arrival last March to educate patrons of the Campbell and surrounding districts to the great advantages their children would reap from a consolidated school. He has had the untiring assistance of Dr. W. I. Merrill, whose wide personal acquaintance throughout this locality, has been of material help. Members of the Home and School Club and the trustees of the districts have also aided when led to see in concrete form the good results in other consolidated districts.

There has been some discussion over the union of the Cambrian district, with the plan of utilizing the newly enlarged and remodelled Cambrian school as a primary building, in which the smaller children from other schools, with those of that district, could be cared for. Transportation would keep these little ones off the roadways, keep them dry in stormy weather and segregate them from older children. Much favorable sentiment for this plan has been expressed, and it may be crystallized into action.

### "THE LORD LOVETH A CHEERFUL GIVER."

This being the fact, Campbell and Santa Clara county are "twice blessed." Those who so liberally gave of their means that a little child might live, have the satisfaction of a noble work well done.

Campbell district raised almost 300 per cent of her quota, a most gratifying result, qualifying it to 28 plates at the "invisible guest" dinner. Santa Clara county, in the campaign, has furnished the means of saving the lives of 2700 children in war-stricken Europe.

The most pleasing feature of this wonderful work is the fact that in giving for these foreign people's welfare, the United States is not doing it with any thought of gain or selfish returns, an almost unbelievable truth to those down-trodden people who never before received help or benefit from outside without paying for it dearly.

By this one act alone America has established her place in the hearts of the nations.

Work has been begun to put the tennis Hi courts in playing condition. It is hoped that in the near future they may be put in condition to permit of playing the year round without constant care.

Mrs. Annie M. Cookson, who has been visiting several weeks with her daughter, Mrs. W. I. Merrill, will go to San Luis Obispo Monday to live for some months with her son, Ralph Cookson.

Miss Sadie Maxson, who has been in Oakland for several days, is expected home Saturday and will probably be accompanied by Mrs. Stanford and children, who will remain for some time. Mr. Stanford is in the hospital for surgical treatment and will be there for several weeks.

A. D. Rice, who recently came from the middle west to visit his father, J. W. Rice of Los Gatos road, has been completely convinced of the merits of our country as a place to live in. He has purchased the property of J. T. Harney on Rincon avenue and will remain in Campbell.

Mr. Ernest Barron spent part of the week in the south on business for the J. C. Ainsley Packing Co. He said that nowhere has he seen such extravagance as is evidenced in all lines in Los Angeles. He probably failed to recall that this is tourist harvest time in southern California, which doubtless accounts for much of the apparent waste.

Mrs. Morris Rabinovitz and Mrs. S. Debades of Chicago, sister and sister-in-law of Mrs. L. Davidson, arrived Tuesday evening to spend the rest of the winter seeing the sights of our beautiful valley. Mr. Debades, who is general manager of the Cooperative Society of America of Chicago, plans to join his wife here later in the season.

### PILGRIM PAGEANT

The "Pageant of the Pilgrims," which will be given in the Congregational church Saturday evening, February 12, at 7:30, is a history of the movement for "freedom to worship God according to the dictates of one's own conscience and individual responsibility to God." It began in England in the 16th century. After much persecution some of these Puritans emigrated to Holland and then to New England in 1620, there laying the foundation for this great nation. We have, among those who will take part in the pageant, descendants of Elder Brewster, Miles Standish and one of the passengers on the ship Fortune, which came in 1621 and is said to have brought the Pilgrims' charter of rights from the king.

### CAMBRIAN P. T. A.

The Cambrian P. T. A. held a most enjoyable "Fathers' Night" at the school Friday evening. The occasion took the nature of a relief benefit for the European sufferers and a tidy sum was realized from it. Mrs. Louis Shelley, president, who had been very active in preparing for the affair, was chosen to represent the Club at the banquet last Monday.

The formal program was begun with a pretty piano solo by Olive Hanger, who performed exceptionally well. Miss Dorothy Greene of San Jose sang two pretty solos, which were followed by a general discussion of legislation by the present legislature, given by Miss Clara Smith of the San Jose Normal. Prof. N. De Lorenzo rendered two choice violin solos, accompanied by his sister, Miss De Lorenzo, which were much appreciated.

Argall brothers of San Jose sang a number of skits, which proved a source of much entertainment.

At the close of the program refreshments of sandwiches, cakes and chocolate were served to a very appreciative gathering.

Those in charge of the refreshments were Mrs. C. E. Hanger, Mrs. Brimont, Mrs. Gardner and Mrs. Pitman.

Cambrian district is a wide-awake community and all its activities are really worth while.

### HY-TONE NOTES

The Campbell High student body spirit which ran high this week reached its climax Tuesday when the new officers for the year were elected. These officers are: President, Fred Heinzen; secretary, Dorothy Merriman; treasurer, Mark Smith; Editor Oriole, Violet Lannis; Business Manager Oriole, Raymond Hulsman; Assistant Manager, Edward Day; Athletic Manager, Vern Sawyer.

An exhibit of handiwork of the elementary sewing class under the able direction of Miss Marjory Sprecher of Campbell High school, will be displayed in the windows of the J. D. Blaine store over the week-end. Although but beginners in this craft, the pupils who have taken great interest in the work, have made some very neat and useful wearing apparel and with their instructor deserve much praise and encouragement.

Last week "Campbell's Invincible Five" took the Mountain Viewers into camp in a quick one-sided affair by a score of 64 to 16. Again Tuesday afternoon they walked off with the honors in an I. A. U. game with Santa Clara High by a 57 to 25 score.

Vern Sawyer, our husky guard was unable to play because of a bad knee, but Joe Heinzen in his position was very much in the game from start to finish.

They must now play and defeat Redwood City to win the C. I. F. district championship.

"Campbell Invincible Five," go get 'em!

The High seniors will enjoy a social evening at the home of their classmate, Miss Mabel Wiesendanger of Saratoga avenue to-night.

### C. E. UNION MEETING

There is to be a union meeting of the Christian Endeavorers of the Santa Clara district Thursday evening, February 17, at the first Presbyterian church in San Jose.

Mr. E. P. Gates, the General Secretary of the United States, is visiting the west, and San Jose is fortunate in being one of the seven cities which he will visit in this state.

Campbell C. E. Society is planning on a 100 per cent representation of its members and also desires the attendance of all interested in C. E. work.

Messrs. R. H. Lawrence and T. E. Tucker have leased of Mrs. B. Downing the building formerly occupied by the Campbell Market. The store has been thoroughly cleaned and renovated and as soon as fixtures can be installed will be opened as a first class meat market. The lessees are experienced meat men, having been in Cooper's Market, San Jose, and expect to conduct a thoroughly up-to-date business.

This is the time and the year to spray. For satisfactory work call on H. F. Evans, phone Campbell 18F5.

## GREETINGS TO YOU

Maple Lake, Minn.,  
Jan. 26, 1921.

Mr. Harry C. Smith:

Dear Friend,—I should have written you before but we are all very busy, even in winter time. Writer and family are still interested in what is going on in Campbell and the doings of her people.

This winter is quite a contrast with last year's—much milder, with snowfall light and most of the time our mail man could use his Ford to deliver mail. We are well.

With best wishes to you and yours and our Campbell friends, I remain,

Sincerely,  
John J. Vandergon.

## A NEW BOSS

Borings taken by Federal engineers at Freeport have indicated a satisfactory foundation may be had for the projected lock and dam to be built across the Sacramento river. The proposed lock is one of four, which under the projected plan, are to be built along the river to aid navigation and to increase the amount of water in the river for irrigation. It has been proposed that the other locks be built at Princeton, Collins Eddy and Kent.

# Where Is the "Deficit"?

*"No appropriation shall be considered where the need is not urgent."*  
—Message of Governor Stephens to the 1917 Legislature

The people voted, in November, additional State costs totalizing \$18,000,000.

Governor Stephens in his message to the 1921 legislature declares:

"... it is because of this voluntary action of the people themselves that the financial difficulties referred to have arisen."  
Two Million dollars left, after paying every cent the people of California ever voted to pay.

## Let Us Consider the Facts

State officials estimate our income for the next two years at - - \$67,000,000  
Charge up against this the 1919-1921 budget, which was \$47,000,000, and add the \$18,000,000 voted by the people for the next two years. The total is - 65,000,000  
Westill would have left in the treasury \$2,000,000

Two Million dollars left, after paying for every State expense at the rate we had to pay when costs were higher than they will be again for many years.  
Two Million dollars left, after re-appropriating in full for the vast burden of "unnecessary duplications and unnecessary waste" which Governor Stephens admits now exists in the State government.

Two Million dollars left, after we Californians spend for our State government twice as much as the average citizen of other states.

## Who Wants This Money?

Yet Governor Stephens declares "it is because of the voluntary action of the people themselves that the financial difficulties referred to have arisen." Governor Stephens goes further. He goes \$15,000,000 further.

After we have paid every dollar that we paid in 1919-21, and after we have paid every dollar we voted to pay at the November elections—after we have provided a surplus of \$2,000,000 for emergencies, Governor Stephens calls for \$15,000,000 more.

Other states are economizing. Illinois in one year has reduced her governmental costs \$2,500,000.

Yet California State officials call upon the people for \$15,000,000 above all amounts previously spent or now authorized.

Already California is spending vastly more than her sister states which are now reducing their budgets. The per capita government costs for actual running expenses (as distinct from interest and new investments) are shown by the 1919 U. S. census report to be as follows:

|                                |
|--------------------------------|
| Average for all states, \$5.16 |
| Illinois, 3.48                 |
| California, 7.76               |

## These Things Are True

The people have created no deficit, and there is no deficit.

The extra \$15,000,000 now demanded by state officials is over and above all appropriations ever made in the past and all new expenses authorized by the people. No increase of any tax rate is necessary.

Ask your legislator to demand that the state live within its income.
